

*Who We Are*

*What We Do*

*How We Do It*

**WHO WE ARE**

**NCS Data Systems** is a nationwide group of engineers and technicians, headquartered in the Chicago area, with more than 30 years' experience in the communications and technology industries. We have the knowledge, skills, and experience to solve the toughest problems and to implement rollouts smoothly and defect-free. All of its associates are fully qualified and conversant in the latest technologies. Our expert teams of engineers and field technicians hold multiple industry and manufacturer-specific certifications.

**WHAT WE DO**

**NCS Data Systems** specializes in technology fulfillment services, from POS & QuickServe systems rollout management, implementation and service to satellite and communication technology installation and service, as well as cable plant installation and modification. We also assist in data center and network command center design and build-outs, Help Desk break-fix services, and Light Pointe Free Space Optics, along with Cisco wireless bridging and access systems.

**HOW WE DO IT**

**NCS Data Systems** was formed by veteran engineers and technical associates who are dedicated to providing honest, dependable, courteous and professional services to their clients and their clients' customers.

**NCS Data Systems** and its personnel have consistently proven that they have the knowledge, experience and common sense needed to effortlessly and successfully deploy, install and maintain their clients' projects and rollouts.

**NCS Data Systems** continues to expand into other vertical systems and service markets with the same success.
